

PRESS RELEASE

PSA TO CONDUCT THE QUARTERLY FISHERIES SURVEY

Date of Release: March 10, 2021

Reference No. 2021-010

One of the continuing surveys conducted by the Philippine Statistics Authority (PSA) is the Quarterly Fisheries Survey. The survey aims to generate volume and value of production on Commercial Fisheries, Marine Municipal Fisheries, Inland Fisheries and Aquaculture production by species and by quarter at the national, regional and provincial level. The statistics generated through the conduct of quarterly fisheries surveys serves as an input to the compilation of national accounts, estimation of performance of agriculture, researches and studies, policy making and program implementation.

During the conduct of the survey, hired statistical researchers will visit the sample fish landing centers for commercial and municipal fisheries as well as selected sample aquafarm operators and inland fishing households. The data collection for the first quarter 2021 will commence on March 22-26, 2021. Moreover, this quarter will begin the implementation of the enhance survey design for inland fishery survey.

All the data and information collected by the hired Statistical Researchers from sample fishermen shall be kept strictly confidential and shall not be used for purposes of taxation, investigation or regulation as provided under Article 55 of RA 10625.
