

PRESS RELEASE

PSA RSSO XIII PREPARES FOR THE 2022 COMMUNITY-BASED MONITORING SYSTEM (CBMS) NATIONWIDE ROLLOUT

Date of Release: August 5, 2022

Reference No. 2022-024

The Philippine Statistics Authority - Regional Statistical Services Office XIII (PSA- RSSO XIII) announces the conduct of the 2022 CBMS Nationwide Rollout. Caraga has two (2) batches of operations. The field operation will commence on August 8, 2022 for the first batch composed of all PSA-funded and some LGU-funded cities and municipalities, while the second batch will be on October 17, 2022.

Under RA 11315 otherwise known as the CBMS Act, the PSA shall lead its implementation while each city and municipality shall be the primary data collecting authority within its locality. In partnership with the Local Government Units (LGUs), this will be conducted among 57 cities/municipalities in the region. It will adopt the Computer-Assisted Personal Interview (CAPI) in the gathering of information. As the need arises, the traditional Paper and Pencil Interview (PAPI) technique will be used.

The CBMS is a technology-based system of collecting, processing, and validating disaggregated data at the local level. The disaggregated statistics are essential for targeting the poor and the vulnerable. It will be used for planning, program implementation, and impact monitoring for poverty alleviation and socio-economic development. The local-level key development indicators that will be generated are the following: (a) health, (b) nutrition, (c) housing, (d) water and sanitation, (e) basic education, (f) income, (g) employment, and (h) peace and order.
