Reference No. 2024-003

*Assistant Statistician Argie S. Gortifacion with the hired statistical researchers on the Third Level Training for the 2023 National ICT Household Survey*

The Philippine Statistics Authority (PSA) – Agusan del Sur conducted a third level training on the 2023 National ICT Household Survey at the PSO-ADS training room from January 30 to February 2, 2024. The training was attended by the four (4) hired Statistical Researchers (SRs).

This survey's primary objective is to gather updated household and individual ICT data required to create globally comparable core ICT indicators. The information gathered will be useful for monitoring existing programs, developing potential projects, and formulating future policies that will promote ICT development in the country. The enumeration period is from February 5 to March 6, 2024 with 386 sample households.

All the information collected by the hired Statistical Researchers from the sample household shall be kept strictly confidential and shall not be used for purposes of taxation, investigation, or regulation as provided under Article 55 of RA 10625.
