15 July 2025 – SURIGAO CITY. The Philippine Statistics Authority Surigao del Norte recently concluded its mid-year performance review, highlighting significant strides in data collection and dissemination. Key achievements included the successful rollout of statistical operations, delivery of civil registration services, and implementation of the National ID system.

The 2025 MYPR aims to comprehensively assess the progress and performance of PSA Surigao del Norte during the first semester of 2025. It is designed to evaluate the progress and identify areas for improvement of agency goals for the whole year.

The review was held from 09 to 11 July 2025 and aimed to assess the implementation of the 2025 Work Program. PSA personnel were grouped by unit during sessions to accomplish planning workshop forms. These sessions ensure that agency goals are successfully met by identifying performance gaps and developing catch-up plans.

The MYPR underscore PSA's commitment to transparency, efficiency, and inclusive development through data-driven governance.
