The Philippine Statistics Authority (PSA) - Provincial Statistical Office (PSO) of Surigao del Sur conducted the 2022 Community-Based Monitoring System (CBMS) Data Turnover Ceremony (DTC) to the Municipal Government of Cagwait on 25 March 2024. The venue was at the Mayor's Conference Room, Municipal Hall, Poblacion, Cagwait, Surigao del Sur. Cagwait is the second among the 10 participating Local Government Units (LGUs) in the province, that received the 2022 CBMS data after its implementation.

The DTC was spearheaded by Chief Statistical Specialist (CSS) Ruel L. Dres and attended by some PSA personnel, the municipality's elected officials down to barangay level, its department heads and some personnel, and guests from the Provincial Planning and Development Office, Department of Information and Communications Technology, and Philippine Information Agency.

During the event, the highlights of the 2022 CBMS results were presented by CSS Dres. Some of the information he shared are the responding households, covered population, participating barangays, access to basic services, safety, household food insecurity, school attendance, labor force and employment, and disaster preparedness, among others. Then, it was succeeded by the signing of the data turnover agreement and handing over the data with the turnover symbol.

In response, Mayor Glenn G. Batiancila emotionally expressed his gratitude and anticipation as he delivered his acceptance message. Likewise, Municipal Planning and Development Coordinator Baby Niel D. Quiñonez elaborated their approach on how to secure their database and pronounced the importance of the CBMS data as inputs to their local level plans and programs.
